

Immunization Administration Forms

The following forms must be completed and reviewed by Jo Daviess County Health Department (JDCHD) nursing staff before immunizations can be administered. If parents prefer to complete these forms in advance of immunization appointments, the forms may be printed, then completed by parent and brought to the health department. In addition, parents must read or have explained to them the Vaccine Information Statement(s) for the immunization(s) his/her child is to receive and understand the risks and benefits. They can be viewed at the link for Vaccine Information Statements (VIS forms): <http://www.cdc.gov/vaccines/pubs/vis/>. Parents will receive paper copies of the VIS forms at the actual Immunization Clinic before the child receives the immunizations.

When parents are unable to accompany their child for immunizations, the forms must be signed in advance and dropped off at the health department or presented at the time of immunization(s) by the caregiver along with payment by cash, check or current medical card. Please call if you have questions @ (815)777-0263.

Please print and complete the following forms prior to Immunization Clinics:

(No immunizations will be given at JDCHD without completed and signed forms.)

Cornerstone Consent Form

Payment Form (Both sides) English

Payment Form (Both sides) Spanish

Patient Eligibility Screening Record

Acknowledgement of Receipt of Notice of Privacy Practices (HIPPA form)
