Narrative

On 05/11/2024 at 10:37 A.M., Jo Daviess County Deputies learned that Jesse J Jones, a wanted felon, was at an address on W. Blackjack Road in rural Hanover, IL. Deputies surrounded a building at the address and attempted to call the individuals out. Breanna L Staver exited the building and Deputies learned that Jesse Jones was still inside. Numerous law enforcement and K-9 unit announcements were made and Jones refused to exit the building. The Northwest Illinois Critical Incident Response Team (CIRT) was called to the scene to assist in taking Jones into custody. Galena EMS and Elizabeth EMS were put on standby for precautionary reasons. Once the CIRT team was on scene, more law enforcement, K-9 unit, and chemical munitions announcements were made. Jones again refused to comply with lawful commands. Chemical munitions were deployed into the building and Jones again refused to exit. A Jo Daviess County K-9 unit was then deployed into the building to locate Jones. The CIRT team entered the building and located Jones inside of a locked vehicle. The CIRT team made entry into the locked vehicle and Jones was able to be taken into custody. Jones was transported to the Jo Daviess County Jail and held on Jo Daviess County and Grant County, WI arrest warrants.

This incident remains under investigation, and the Sheriff would like to remind the public that all subjects are innocent until proven guilty in a court of law.
