

Executive Session continued on January 14th 2003. Chairperson Berlage asked Duane Olivier, Jean Dimke, and Glen Weber to leave the board room. Do to unusually circumstances.

Berlage reported to the board of incidents that have occurred in the county. The people reporting these incidents do not know where to go, or who they should turn to for help. Berlage stated to the board that she is very concerned about the incidents, and feels that the people who are coming to her are afraid. Berlage stated that this is a very sticky situation since it does involve elected officials.

Berlage felt that the board needed to be aware of the incidents and asked for their direction.

It was the consensus of the board, if Berlage could receive written statements, she should return to the board for further direction. Berlage stated she would keep the board informed.

Jack Zillig made the motion to go out of executive session, second by Bill Cooper. All approved.
